## The National Football Foundation Charter

The Foundation's cornerstone, the recognition of the Scholar-Athlete, who strives to excel in the classroom, community and football field, makes us proud of these 50 young men with us tonight. They have been selected from the vast Los Angeles area, where there are many activities and distractions that could have led them to procrastinate the opportunities that are offered to achievers and leaders. These young men chose to compete in honors courses in Math, English, Physics, Chemistry, and Biology. We are proud to present their names to the Hall of Fame in South Bend, IN, where you will be able to view their names when you visit the museum.

We encourage each of you to join our Chapter and contribute to encouraging our youth to make the right decisions in their formative years. Great leaders have left us with words of wisdom and one of football's favorite warriors, Vince Lombardi, set high standards for CHARACTER and ATTITUDE. His often referred to parable:

"It is a reality that men are competitive and the most competitive games draw the most competitive men. That's why they are there— to compete. They know the rules and the objective when they are in the game. The objective is to win—fairly, squarely, decently and by the rules—but to win. I firmly believe that in man's finest hour—the moment when he has worked his heart out in a good cause and at game's end, he lays exhausted on the field of battle—victorious."
