RECOGNIZING YOUNG MEN FROM THE LOS ANGELES AREA
FOR THEIR SACRIFICE AND DEDICATION TO THE
GAME OF FOOTBALL, EDUCATION, FAMILY, COMMUNITY
AND AS REPRESENTATIVES OF THEIR SCHOOLS

“FAR BETTER IT IS TO DARE MIGHTY THINGS, TO WIN GLORIOUS TRIUMPHS,
EVEN THOUGH CHECKERED WITH FAILURE, THAN TO TAKE RANK WITH THOSE
POOR SPIRITS WHO NEITHER ENJOY MUCH OR SUFFER MUCH, BECAUSE THEY LIVE
IN THE GREY TWILIGHT THAT KNOWS NOT VICTORY OR DEFEAT”

-PRESIDENT THEODORE ROOSEVELT

WELCOME

THE NATIONAL FOOTBALL FOUNDATION CHARTER

The Foundation's cornerstone, the recognition of the Scholar-Athlete, who strives to excel in the classroom, community and football field, makes us proud of these young men with us tonight.

They have been selected from the vast Los Angeles area, where there are many activities and distractions that could have led them to procrastinate the opportunities that are offered to achievers and leaders.

These young men chose to compete in honors courses in Math, English, Physics, Chemistry, and Biology.

We are proud to present their names to the Hall of Fame in Atlanta, Georgia, where you will be able to view their names when you visit the museum.

We encourage each of you to join our Chapter and contribute to encouraging our youth to make the right decisions in their formative years.

Great leaders have left us with words of wisdom and one of football's favorite warriors, Vince Lombardi, set high standards for CHARACTER and ATTITUDE.

His parable that is often referred:

"It is a reality that men are competitive and the most competitive games draw the most competitive men. That's why they are there; to compete. To know the rules and objectives when they get in the game. The object is to win fairly, squarely, by the rules; but to win. I firmly believe that in man's finest hour, the moment when he has worked his heart out in a good cause and at the games end, he lays exhausted on the field of battle - victorious."

NATIONAL FOOTBALL
FOUNDATION

WHO WE ARE

The National Football Foundation & College Hall of Fame, Inc. (NFF) is a member-supported, non-profit organization dedicated to ensuring the future of amateur football at the local, state and national levels. Since its beginnings in 1947, the Foundation has relied upon the support of volunteers to bring its mission and goals to communities all across the nation. Today, thanks to the more than 100,000 volunteers who generously became members over the past 59 years, the National Football Foundation has grown to 120 chapters with a presence in 47 states.

There is no prerequisite football experience required to become a member; in fact, many of our members never even played organized football. Our membership base includes nearly every profession, race, religion and creed. Our members are men and women, fans, parents, players, coaches, referees and administrators. They work as educators, business people, doctors, lawyers, sales people, laborers, policeman, firefighters, politicians, engineers, etc. Our members have served our country's highest office, walked on the moon, led our soldiers into battle, won the Heisman Trophy, ruled on the U.S. Supreme Court, coached in Super Bowls and National Championship games, built financial empires, made movies, saved lives and imparted wisdom. Our members share one common bond: their love for amateur football.

Today, our current membership base tops 12,000 - and we are growing. As membership increases, so does the overall strength of the Foundation. Your support helps widen our span of influence, allowing the Foundation to expand its positive effects on the game, our communities and our young people.

The mission of the Foundation and our members, simply stated, is to ensure and promote the future of amateur football. If you are not already a member, or if you have been a member in the past, we hope you will join in our effort to see this mission through.

JOHN FERRARO LOS ANGELES CHAPTER

JOHN FERRARO

John Ferraro was born May 14, 1924 in the working class suburb of Cudahy, California, south of Los Angeles. While attending the local high school Bell, Ferraro performed well enough in the classroom and on the football field to attract a scholarship from the University of Southern California.

Ferraro started his studies at USC in 1942, and after having an All-American football season in 1944, his time at USC was interrupted by service in the United States naval Reserve during World War II. When he returned from the battlefield to the football field, he again earned the honor of All-American in 1947, and graduated from USC in the spring of 1948 with a degree in Business Administration.

Ferraro's success on the football field quickly transformed into success in the business world. Using the skills from his business degree, discipline from the Navy, and the persistence of a two-time All-American, Ferraro ran a lucrative insurance company on Wilshire Boulevard in Los Angeles. His football accomplishments did not go unnoticed, either—he was inducted into the College Football Hall of Fame in 1974.

Yet John Ferraro's greatest successes came in the volatile realm of Los Angeles politics. Ferraro holds the longest tenure of a City Council member, a span of 35 years during which he was re-elected nine times. As a member of the City Council, Ferraro gained a reputation as a skilled conciliator who knew just when to wield his considerable influence. Ferraro was instrumental in bringing both the 1984 Olympics to Los Angeles and the 2000 Democratic National Convention. He worked to bring a peaceful end to the tenure of police chief Daryl F. Gates as racial tensions lingered in the wake of the Rodney King incident. And in 1999, the Staples Center opened its doors to patrons, largely because of Ferraro's work behind the scenes with the center's frustrated developers.

While serving as President in the last 18 years of his career, Ferraro was widely praised for holding together a divided council, and was described by associates as a "leader" and conciliator."

Ferraro's legacy will live on not only in the memories of Angelenos, but also in a more tangible sense: the Department of Water and Power's general office building is now called the John Ferraro Building, in commemoration of the man who gave so much of his energy and talent to the Los Angeles community.
